

GOKUL G NATH

Software Developer

✉ gokulgopinath4050@gmail.com ☎ +91 7593924050 📍 Alappuzha, Kerala

PROFILE

Enthusiastic and detail-oriented Computer Science graduate with a solid foundation in software development field. Skilled in languages such as HTML, Python, and JavaScript, with hands-on experience through academic projects and internships. Eager to contribute to team success through hard work, continuous learning, and a passion for building efficient, scalable software solutions. Looking to start a career in a dynamic software development role where I can apply my technical skills and grow as a professional.
